

PRODUCT INFORMATION

Seasol Lawn + Soil Booster

Seasol Lawn + Soil Booster is a natural pelletised plant and soil treatment. It is a rich source of natural ingredients including seaweed and compost to boost soil health and growth in all plants including natives.

INSTRUCTIONS FOR USE

Seasol Lawn + Soil Booster contains natural composts, humic acids, organic matter, and seaweed. Easy to use; it can be spread by hand or with a lawn spreader.

Seasol Lawn + Soil Booster is a natural lawn and soil treatment that can be used at any time throughout the year. It is safe to use on all lawns including Buffalo lawns.

DIRECTIONS FOR USE

Generally, apply **Seasol Lawn + Soil Booster** every 10 to 12 weeks, or as needed, to established lawns or when preparing to lay down turf or sow lawn seed.

Established Lawns

Apply 100 grams of **Seasol Lawn + Soil Booster** per square metre to established lawns. Ensure even distribution via hand or lawn spreader. Water in thoroughly after application.

New Lawns

For new lawns or turf apply 100 grams of **Seasol Lawn + Soil Booster** per square metre into the soil before sowing seed or laying turf.

For best results apply an application of **Seasol Lawn & Turf Starter hose-on** every 7 to 10 days while the lawn is establishing.

It is recommended to water thoroughly after applying **Seasol Lawn + Soil Booster**. Sweep any excess pellets off paths or driveways back onto the lawn or the soil.

Seasol Lawn + Soil Booster is available from Bunnings in a 5kg bag for every gardener's needs.

A rich source of natural ingredients including seaweed and compost to boost soil health and plant growth

Boosted with natural composts, humic acids and organic matter, it increases worm and microbial activity

Added seaweed stimulates root development and reduces lawn stress from heat, drought and foot traffic

Safe on all lawns including buffalo, it promotes healthy growth and soil moisture and nutrient retention

USAGE TIPS

Seasol Lawn + Soil Booster is the perfect partner for any lawn project applied throughout the year.

- ✓ Apply **Seasol Lawn + Soil Booster** during winter to rejuvenate soil and lawn health to boost it ready for spring growth.
- ✓ Reapply during the growing season - spring to autumn - to boost growth for a lush green lawn.
- ✓ Apply in the early morning or late evening, especially during times of heat, and water in thoroughly after application.
- ✓ Ensure water is going down to the lawn's roots. If it's pooling on top or running off, apply **Seasol Super Soil Wetter & Conditioner** to ensure water gets deep into the soil.
- ✓ Mow lawns regularly throughout the growing season for a strong, lush green lawn.
